

LA MEZCLA 1987

Catch the Wave

The theme "Catch the Wave" has been selected by the yearbookstaff to represent the events that have taken place over the past year. The lunches with friends, the changes of the campus, the ins and outs of fads, and most importantly the coming and going of friends. We have tried to capture many of these moments on the pages that follow. We hope that at some point you have "caught the wave" of success and will continue to ride it well into the future and what it may bring. These are the times to remember as they will not last forever, so hold onto your memories and cherish them, because one day that's all you'll have left to hold onto.

Social Changes

1. Together we stand
2. Friends frolicking
3. Socialites
4. In time of happiness
5. Talks to remember

As changes come and go we learn . . . fads come and go making changes that affect Armijo Indians.

All people, everyday, throughout the course of the year, make statements about what or who they think is hot, and contrary to that, what or who they think is not.

Peoples' tastes change all the time, and sometimes without warning. Some things stay "in" for years, while others come and go like the tide that goes in and out.

Looking back, we see that there are some things still as popular as they were when they became known as "in", while others have washed away, never to be seen or heard from again. Take

Duran Duran or Michael Jackson. Now it's Run D.M.C. and Depeche Mode.

Our music of the 80's ranges from Heavy Metal like the Scorpions and Van Halen, to Soul like Ready For the WORLD and Lionel Ritchie, to New Wave/Punk like the Cure and Suicidal Tendencies, to Pop like Madonna and Stacy Q., to rapping like Run D.M.C. and the Fat Boys. Music is still labeled, but the people that listen to a certain type of music aren't labeled as much as they used to be because people are listening to a wider variety of music now than they used to.

It used to be that Back to the Future was the number one movie, but now it's Top Gun. There will always be

Fad Changes

those movies like The Breakfast Club that stay popular and still bring around new fads.

There is also the style of writing brought about by the scratching and rappin' type of music called Graffiti. Graffiti art has become a very popular art form in which teenagers play a large

role in its origin.

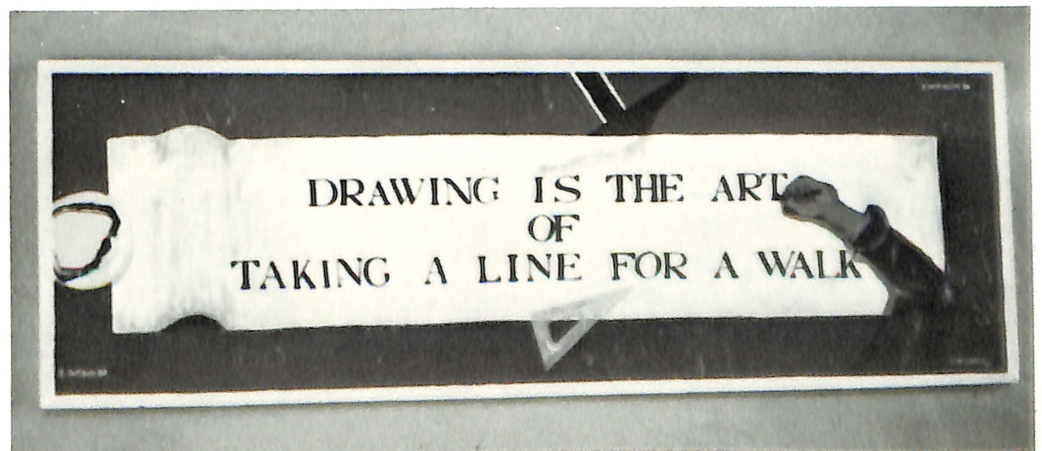

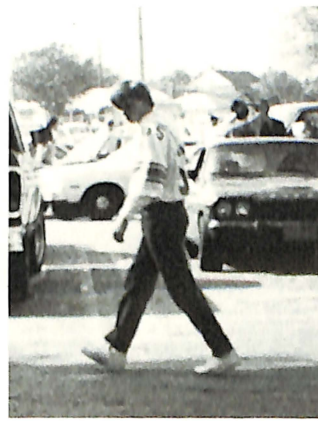

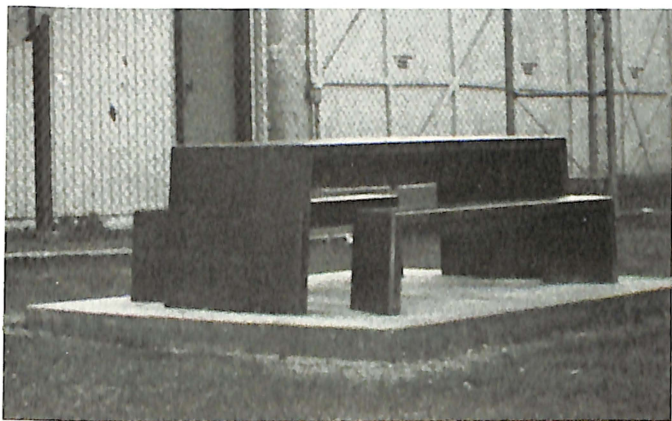

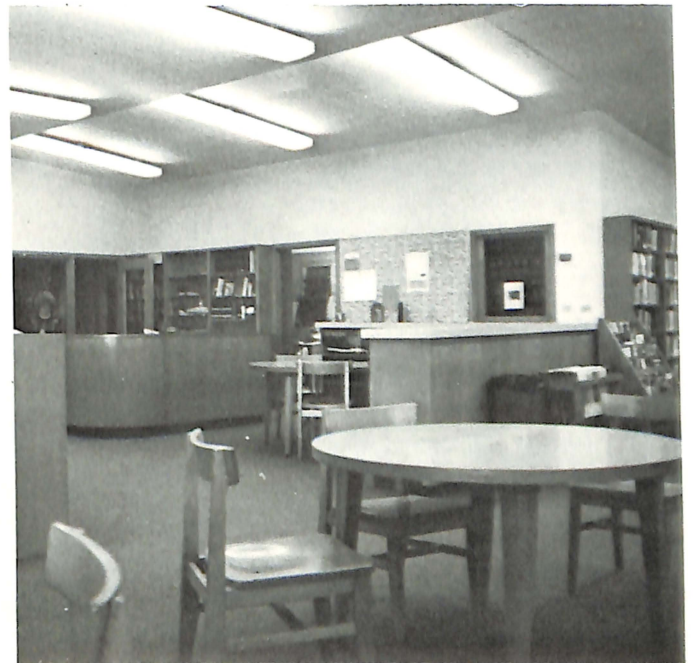

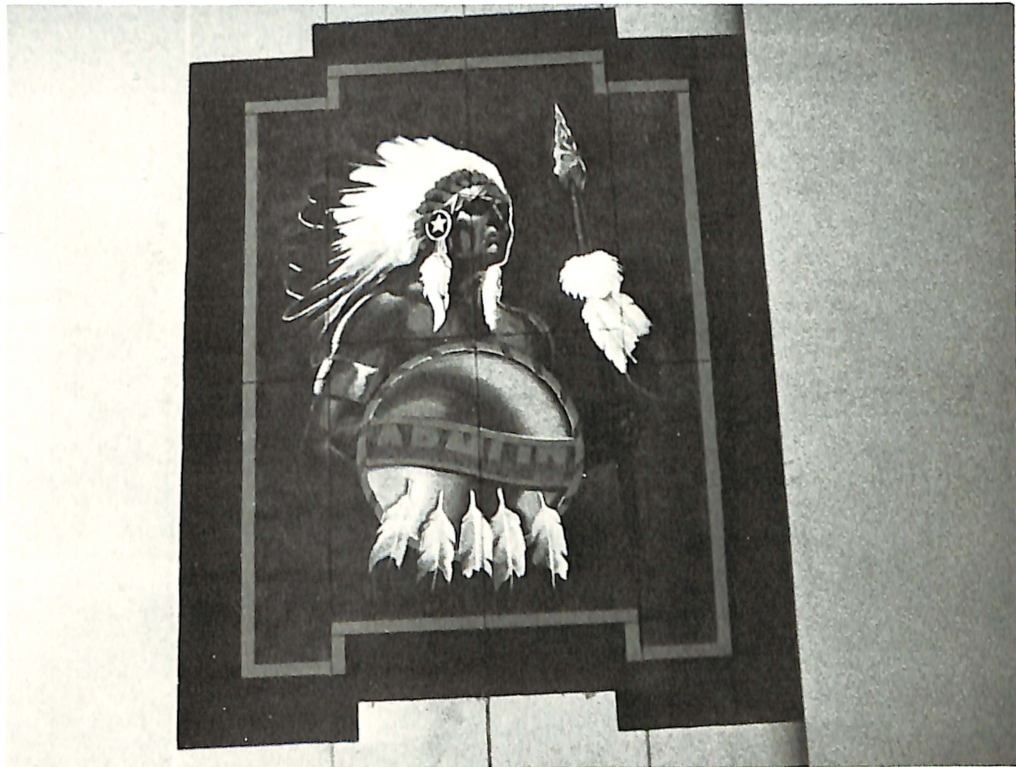

Take a look into the Jammin' world of what's hot and what's not.

WHAT'S HOT: Guess jeans, sunglasses, skating, surfing, Swatch watches and clothing, scooters, partying with friends, Forenza Sportswear, VW's, close friends, short skirts with big sweaters,

suspender pants, surfer shorts and T-shirts, Espadrilles, Drakkar, and Armijo Indians.

WHAT'S NOT: Drinking and driving, plaid pants, Boy George, Madonna, boring teachers, V-neck sweaters, short shorts, tight sweaters, stirrups and the Fairfield Falcons.

Campus Changes

Lets' do lunch!

One of the highlights of the day is lunch. People do lunch at Armijo in many different ways. There are those traditional people who bring their lunch and talk to friends out on the grass. Some people enjoy going out to eat, while others like to stand around and look for Mr. or Ms. Right. No matter what you do lunch is definitely the thing to do.

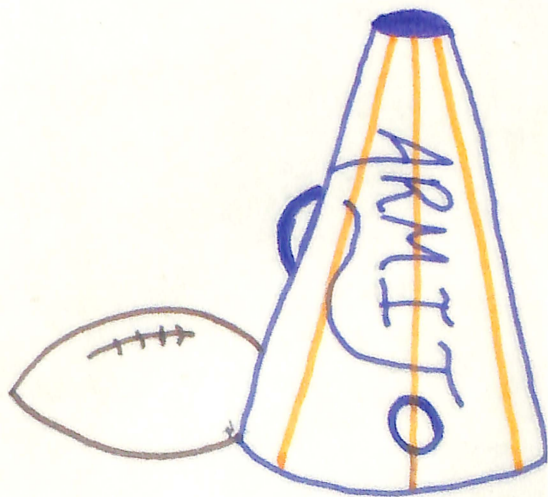

1. A small sample of Indian tastes
2. Catch the wave, grab the coke!
3. It's only going out for me.
4. Hey, did you see that guy ???
5. Lunch on the grass

Student
Life

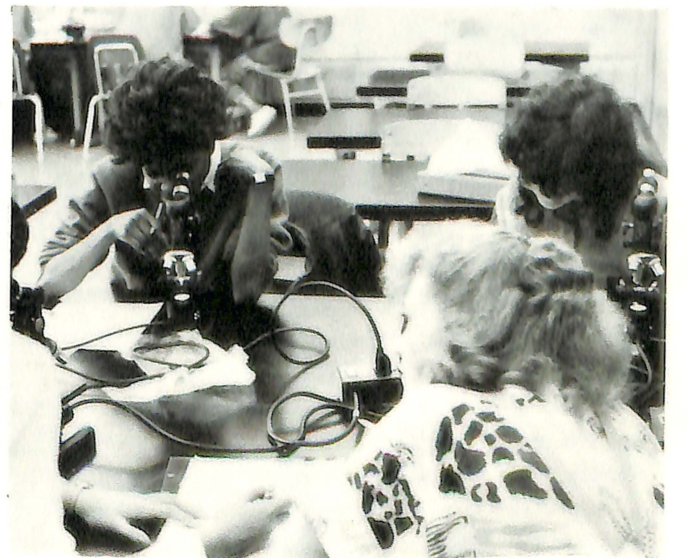

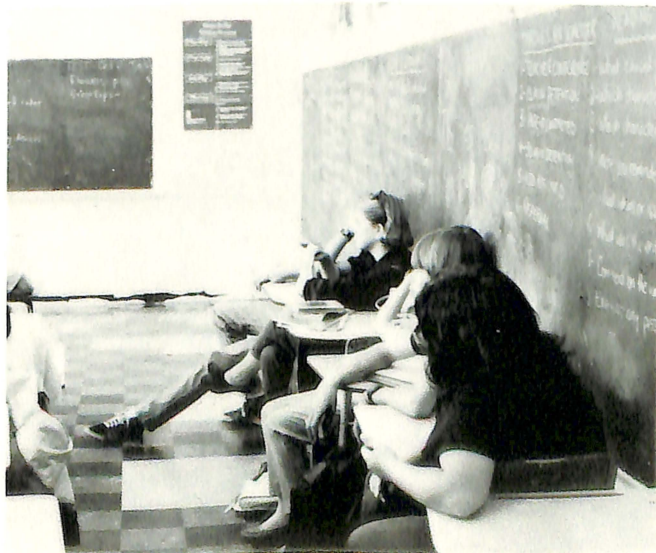

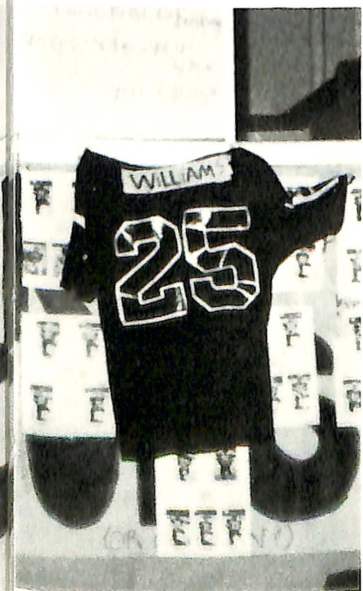

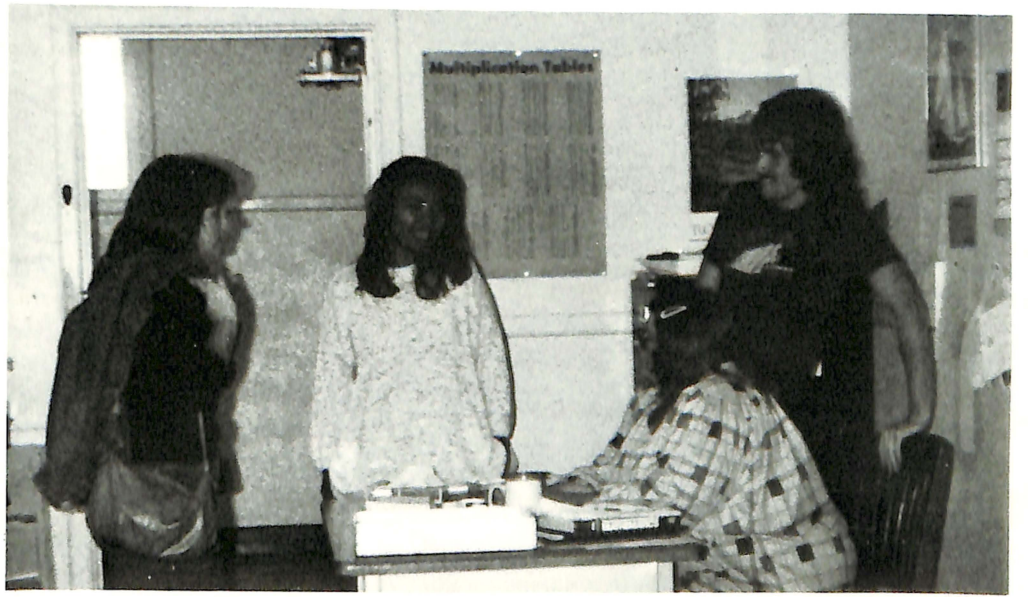

the Best of Times

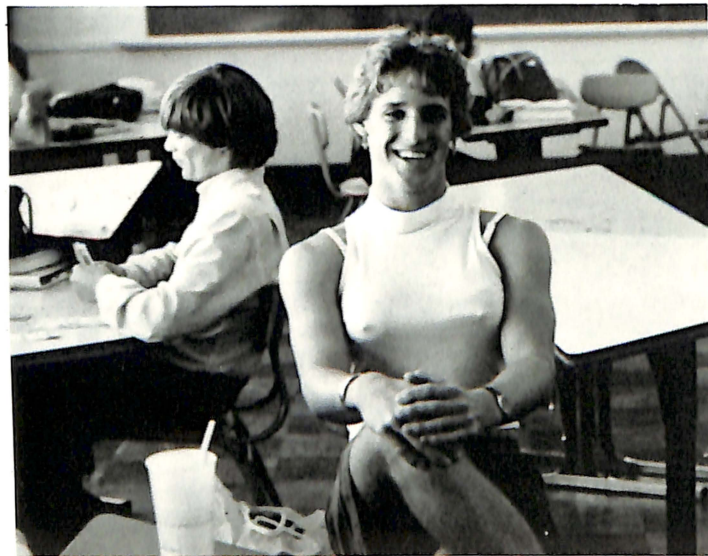

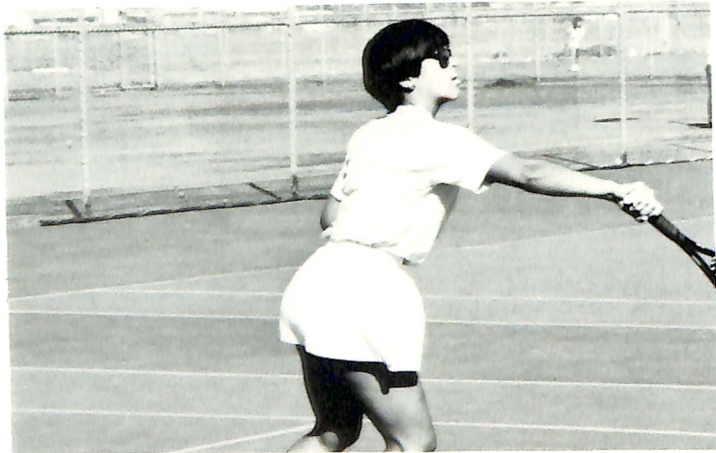

A Day In

The Life

Another Day

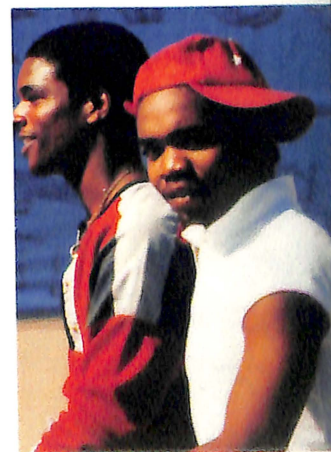

6am. Monday morning, 2000 alarm clocks shrilly disturb the slumber of 2000 teenagers. Some pull the blankets over their heads; some groan and roll over; some lunge for the clock, miss, and land on the floor; and some abnormal ones jump up ready to begin a fresh day. Eventually they all get up and ready themselves for school. They shower, dress, and primp; then grab breakfast as they race out the door, late again.

Bam, those 2000 students arrive on campus by foot, from the bus, or out of someone's car. The bell rings and they head towards their classes; freshmen scurrying and checking their "flimsies", sophomores strutting, juniors acting casual, and seniors sauntering along with unconcerned looks on the faces. A few open the classroom doors, just as the last bell sound, with relieved or triumphant expressions on the faces. The teachers begin the day's lessons, and a person or two sighs as they open their books.

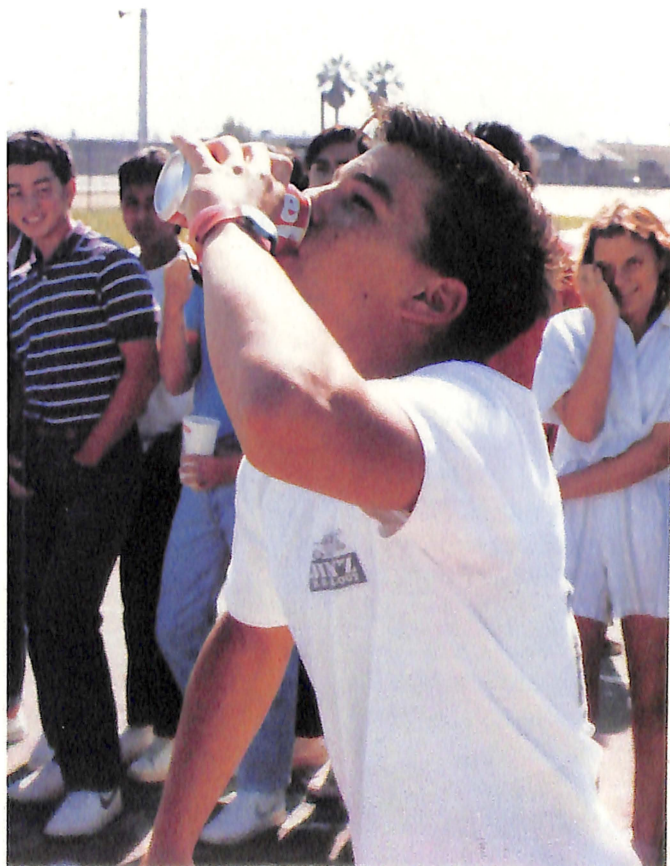

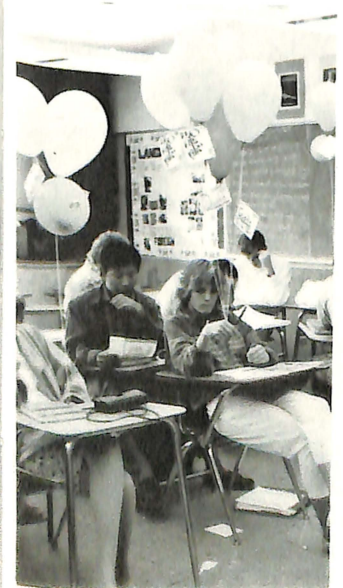

When the lunch bell buzzes, chaos reigns. Doors are flung open, kids hurry to the snack bar or cafeteria, to their lockers and sack lunches, to one of the club meetings (AFS, SF, Ski, etc.), or to their cars to "do lunch".

Fifth period begins. Minutes later someone dashes into class-caught in traffic, no doubt. The teacher is not very pleased, but starts to speak again. But not everyone is in class. Some walk the halls; some take an "extended lunch"; and some smoke near the street.

Sixth period ends with a bang as the students rush out of the halls and off the school grounds. In minutes, the large yellow buses are overflowing; walkers migrate across Washington Street; the parking lot is evacuated. A small number of dedicated teens remain to practice their team sports, (soccer, football, wrestling, etc.), while others grudgingly serve ASD. The school, as a whole is devoid of life, except for the teachers who sit at their desks in rooms full of empty seats, grading papers; left by the students who forgot them at the ringing of the bell, they are the remnants of a day once pulsating with life.

Spirit Soars During Spirit Week

▲ 1

Homecoming was better than ever. The new ideas for dressing up, decided by the senate, were well received by the students. The different days were surfer, pajama, skier, opposite sex, and the ever so popular purple and gold day. Many students dressed up very creatively to show their school spirit.

One highlight of the week was Wednesday Night Jam, a night of class competition. The main feature was Powder Puff Soccer. Each class played two games. First the seniors played the juniors. The seniors won this game thanks to the help of their coaches Guy Delorefice and Scott Cote. The next game was the sophomores vs. freshmen. The sophomores

won easily. The last two games were the losing teams which the freshmen won and finally the two winning teams. The sophomores beat the seniors, coming in first place.

On Friday, the last day of Homecoming week, there was an assembly. This assembly was to introduce the Homecoming candidates, and for each student to vote for their choice of class attendants and Homecoming King and Queen. A few students sang for the assembly. The ROTC sabre team helped in the Homecoming ceremonies. The total effect was rather formal.

Friday night was a time of excitement and anticipation.

The crowd showed their preference of floats by cheering in their class. The seniors came in first with their "Wheel of Success". Sophomores came in second with a large papier mâché wave and palm tree. Third place was taken by the freshmen with "Reaching for Graduation". Finally, the juniors placed fourth with a large balloon.

During half-time of the Varsity game, the final attendants and the King and Queen were chosen. The senior attendants were Keri Brown and Scott Cote. The Homecoming King and Queen of 1986-87 were Kim Cornist and Michelle Wurth.

Homecoming this year was a big success.

When the night came cadets and guests in formal attire went through the receiving line to meet the honored guests. The presentation of colors was followed by a steak dinner.

After dinner and a break, the change of command from Ken Cooper to Bill Young took place.

Saber team demonstrated their form, then formed an arch for the crowning of the queen.

Soon afterwards the night was left for dancing to "Freeflight", an air force band. The night ended on a joyous note for the cadets and their guests.

Homecoming

Friday, February 20th, the homecoming candidates arrived at school early. They had to be at their very best at 7:00 am. The candidates were presented to the student body at an early morning assembly. The students then voted for their choice for king, queen, and attendants. The candidates were rewarded for their fortitude by being guests for lunch at Round Table Pizza.

At half time during the varsity basketball game the king and queen were announced and the court was presented to its subjects. The new king and queen were Mike Johnson and Heidi Canning.

The monarchs reign got off to a rocky start with the Indians losing a squeaker by just one point.

Parenting

In Parenting class the students learned about sex, birth control, and babies among other things. One of the more unique projects undertaken was the raising of a "baby" from birth to a year.

As a final everyone had a baby. From the time it was born it aged quickly to a year. Everyone in the class had to keep a monthly journal and told all about their babies.

On the last day of class mothers brought their egg babies to school. They were adored by all and the mothers celebrated their babies' first birthdays with cupcakes and candles. Students found out that babies, even egg babies, are a lot of work.

Teachers' Breakfast

On the last day of school before the winter break faculty and staff were able to take time before class to enjoy good food and quality entertainment. The ASB students provided a headstart to the holiday season with a staff breakfast complete with a floor show. The gesture was greatly appreciated by the staff.

1. Music was provided by talented students.
2. Jennifer Pardue serenades the diners.
3. Mr. Brown, and Mrs. Conway are deep in conversation with Mr. Wells and Mr. Henderson.
4. Mr. Petty and Mr. Bailey are in holiday spirits.
5. Mrs. Lawton and Mrs. Salcido enjoy the celebration.

Cheerleaders

The first thing a fan saw walking into Brownlee Field were cheerleaders or at least it seemed that way. The whole squad, including Varsity and J.V.'s consisted of over twenty-five members, a school record!

The cheerleaders went to summer camp in Sacramento from where they brought home to Armijo numerous spirit awards. Doing routines and learning new cheers, all

in a hundred degree heat, was just beginning of hours of hard work.

One of the most memorable games of the fall season was the Fairfield-Armijo game where we tied. The Varsity squad made posters for each football player and hung them up on their garage doors the night before the game. The J.V.'s cheerleaders made posters also, and put them on their players lockers.

2. "Go 49'rs." Armijo's pep squad chanted at Candlestick Park.

Newspaper / Yearbook

This year we combined yearbook and newspaper staffs. We started out with about seventy people and two periods.

This year has been alot different than the last years due to the inexperience of the staff, but willing people help. We all tried to enjoy ourselves as we fought each other for an interesting arti-

cle. Everyone constantly worked to show you, our student body, what is interesting and what Armijo was all about. You may look through the paper and toss it aside or look at one of these pages in the book and get angry. But believe us we've tried our best, and that's what counts, the best, which is what we all are, Armijo!!!

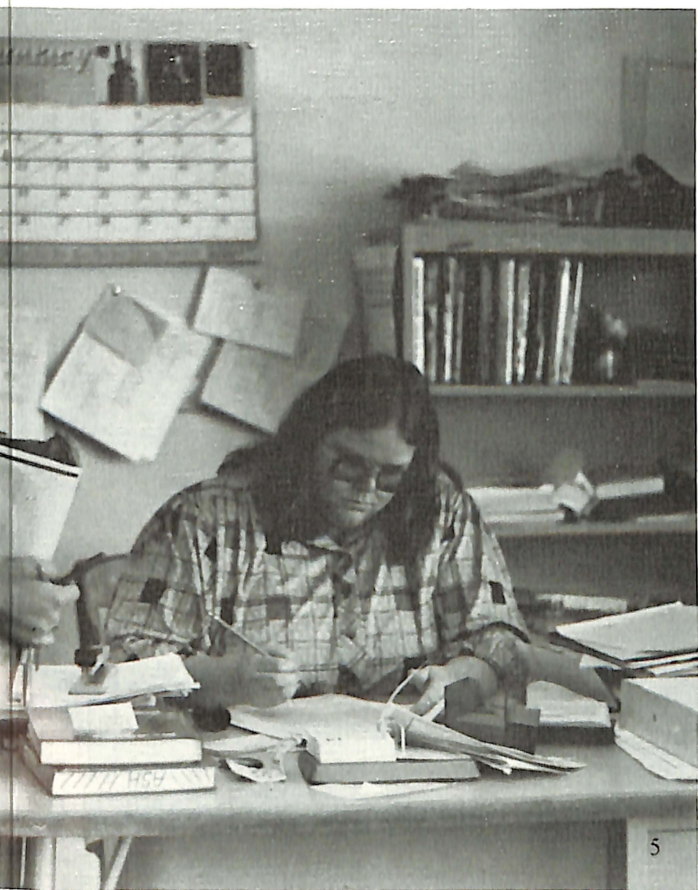

1. Making precise decisions on which pics to put in the yearbook, is half the work.

2. Co-operating is a lot of work for students.

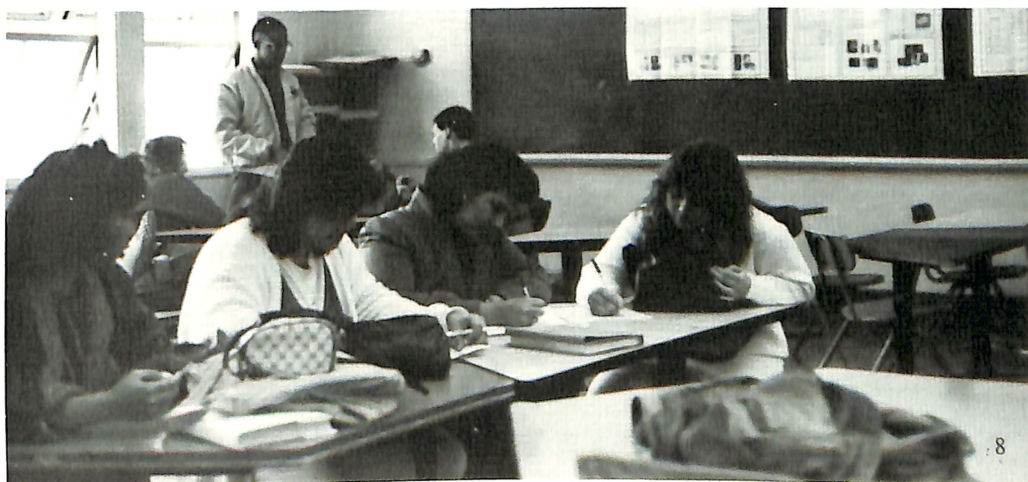

3. Working on football layouts is a challenge met by Kiki Ashford, Leinda Davis, and Becky Blake.

4. Matching pictures to layouts is an interesting puzzle.

Comradeship goes beyond a bond of friendship. In ROTC, cadets learn to work together effectively through a combination of leadership, respect, discipline and teamwork.

Learning is not always done in the classroom. Activities such as drilling out-of-doors, field trips, the Military Ball, and such extra-curricular activities as volleyball, softball, basketball, bowling, chess, drill team, color guard, honor guard, and sabre team give the experience cadets need in order to exercise newly acquired skills in leadership and team work.

By the end of four years of ROTC cadets have a clear understanding of comradeship, an understanding between equals, giving a feeling of respect, friendship, and esprit de corps. This creates military excellence.

Give Life.... a blood drive.

Armijo High School blood drive
 September 21, 1986 was an outstanding
 188 net donations were collected,
 there were actually 203 donors that
 donated blood. Armijo has set
 a record as being the high school to
 donate the most blood in one day
 at Irwin Memorial Blood Bank.
 When asked about giving blood, teach-
 ers and students both agreed that it is an
 old idea, and that even more people
 should donate. Many people however
 are unable to give blood because of the
 time that ranged anywhere from 15 min-
 utes to 2 1/2 hours or more. The people
 at Irwin Memorial Blood Bank felt bad that we had to wait so
 long but they had only been told to ex-
 pect half of the students that we had, other-
 wise they would have brought more
 students and staff.
 For those of you who couldn't donate
 for whatever reason, you'll get another
 chance because there will be another
 drive in March.

Ask A Friend

Last year the Fairfield-Suisun Unified School District produced a television show entitled "Ask-A-Friend". The purpose of the program is to provide students in the school district with a program to improve the quality of their homework through a live television tutoring format. While the program was under the direct supervision of qualified instructors, it was produced, directed and operated by high students.

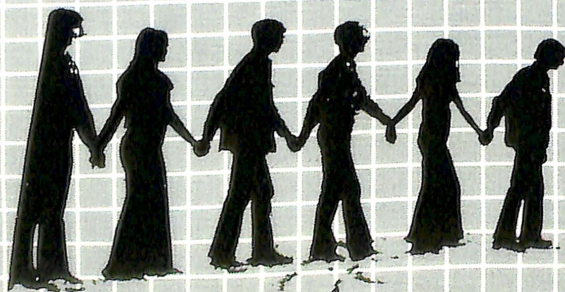

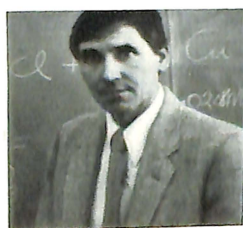

This year's Armijo participants in the two year-old program include Molly Tobitt (Sr.), Melody Tovar (Sr.), Adena Cohen (Sr.), Rachael Meny (Jr.), and Kim Lowry (Jr.).

These students not only learned how to find the right answers to questions asked by those who called in, they also learned some new skills. Some of the skills they learned through the show were interviewing, tutoring, and directing.

CROSS AGE TEACHING

Students have a unique opportunity to experience the joys and trials of the teaching profession through the Cross Age Teaching program. Students who have a interest in teaching have a chance to instruct fellow students under the supervision of veteran teachers: Lloyd Wells, Nancy Whitman, and Jean Gordon.

It's Show Time!

Students had a chance to show off their talents at the January 16th talent show. Competition was keen and varied. There were the traditional acts involving singing and dancing, which are always popular. Then there were more unusual acts like the slam dunk performance. Rapping was very popular, two groups captured third and seventh places in the competition.

9. Michelle Green won fourth place with her dance act.

10. Leslie Gentry displays his slam dunk skills.

11. Jay, Ricky Rocks, and Mike capture third place with their rapping skills.

12. Ginger Quichocho belts out a tune.

It's Pinata Time!

Right before the holidays Mr. Carlson's Spanish class enjoyed a bit of holiday cheer with a south of the border accent. Students enjoyed food and drink. Then tried their luck with a pinata donated by Ted Hughes. "Captain" Ken smashed pinata, filled with candy and toys.

Competing for excellence.

Nancy Giovanetti gives final instructions to wheelchair athlete Ricardo Parra. Teammate John Burris looks on.

All the world's a stage

The drama students had a very active season. They premiered with a lively production of PHANTOM OF THE TOLLBOOTH and followed with a fascinating rendition of ROSENCRANTZ AND GUILDENSTERN ARE DEAD. When not putting on plays at Armijo, the student actors went to the elementary schools and entertained the students with a number of skits.

Publically speaking . . .

One of our most outstanding student is Junior Chris Greene. Chris enjoys public speaking and has competed in the Lion's Club Annual Contest for the last two years. He is a confident speaker, good at expressing his opinions. This came in handy when he took part as a legislator in the YMCA Youth and Government.

Despite maintaining a high GPA in honors classes, Chris found time to play the trumpet in the symphony bands and participated in Phantom of the Tollboth, Rosencrantz and Guildenstern are Dead, Picnic and Rest in Peace.

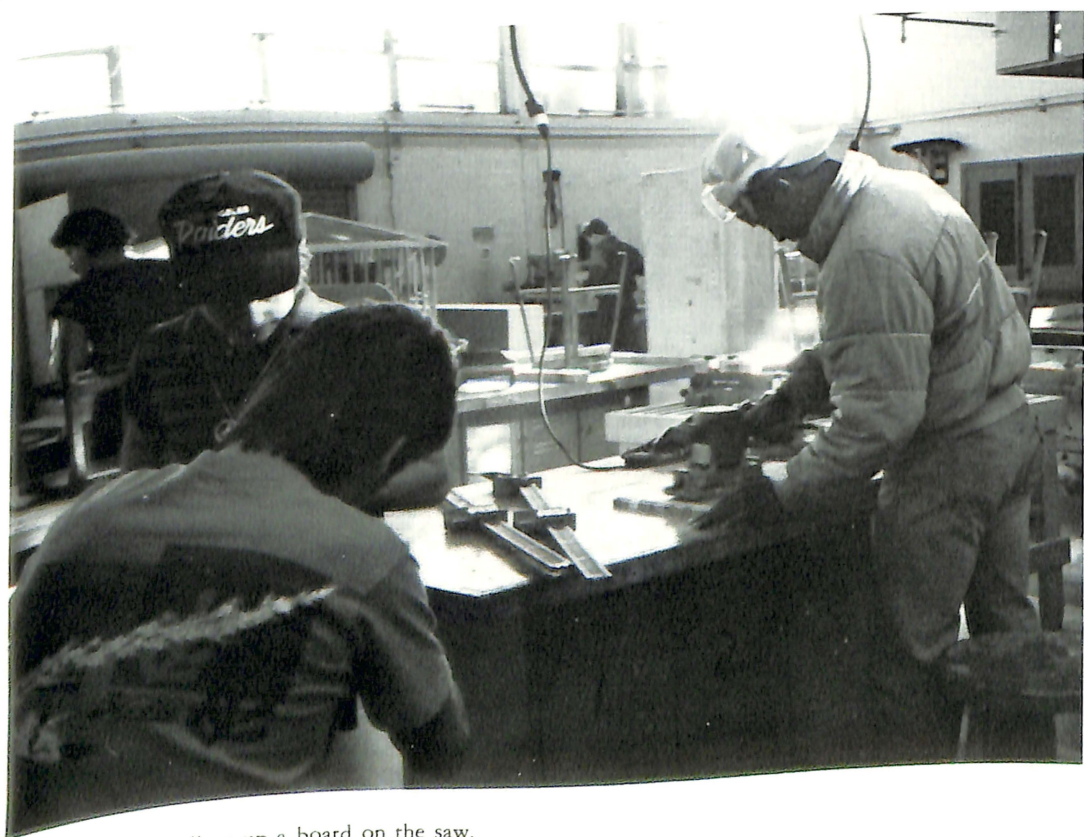

Spirit abounded with one of the more successful Football homecomings. Students worked hard on the floats and enjoyed

dressing up. The weather was kind for a change and the classes were able to display their floats with pride.

One of our most spirited teachers, Chuck O'Brien displays the "right stuff" during Spirit Week.

A new tardy policy went in to effect in February. To encourage students to be prompt the TARDY TANK was insituted. Students late to class were sent to the tardy tank for that period. WHAT DO YOU DO WHEN YOU ARE GROUNDED?

Chrystal Atkinson-I sleep a lot and don't talk to anyone.

Chris Henderson-I eat, watch television and sleep.

Doug Edwards-I watch television, sleep, or run away from home.

Valerie Perez-I watch television, and wait for time to pass.

Alex Witt-I sleep and listen to music.

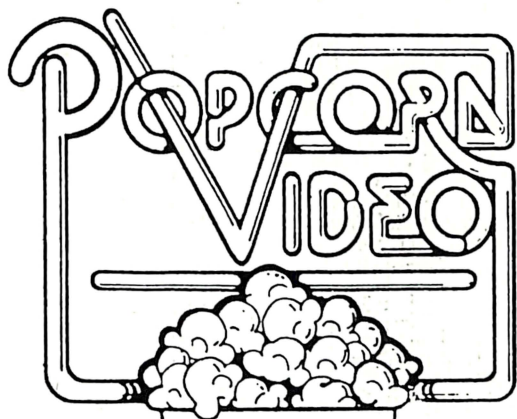

Maureen Simmons-I write letters to my friends 'cause I can't use the phone.

Mike Corbitt-I walk because I only get grounded from my car.

Scott Ramon-I break my restriction and go out and have a good time.

HOW WOULD YOU IMPROVE ARMJO?

JOEL BURROUGHS
SOPHOMORE

I'D LIKE TO SEE LESS TALKING IN CLASS WHEN THE TEACHER IS SPEAKING. I'D ENJOY EATING BETTER SCHOOL LUNCHES, BECAUSE RIGHT NOW, THEY'RE AWFUL, GREASY, GREASY, GREASY. THE THING I WANT MOST IS A STANDARDIZED GRADING SYSTEM AMONG ALL TEACHERS IN THIS SCHOOL.

The Governing Boards' goals were to provide motivation for excellence and improved student performance, to provide motivation for staff excellence, and to provide an atmosphere of excellence in the Fairfield-Suisun Unified School District.

The board worked hard to promote parent awareness and participation, to provide programs to improve academic performance and student behavior and to improve staff morale.

Mind Power In Action: Academic Decathlon

Much emphasis is placed on sports in school, but Armijo has a strong extracurricular program as well. Several years ago an Academic Decathlon team was formed.

A team consists of two people from each grade and G.P.A. leve. (e.g. two seniors with a 4.0 GPA, two juniors with a 4.0 GPA etc.) This year's members are Chris Wink, Bill Young, Vanessa Walling, Ronda Sells, Meredith McKown, and Dave Samson. Ken Bryden and Denise Ohnstad are alternates.

The members get together after school to prepare to compete against other schools on a designated date of Solano Community College. They drill each other on topics that will be asked on the day of competition, and constantly practice making speeches.

Finally, when they and the other Academic Decathlon teams meet at SCC they see if their preparation has worked. All day they are given tests consisting of multiple choice questions, essays, interviews, and prepared and impromptu speeches.

In every high school there is one athlete whose skills, and ability to perform well are greatly above average. However, this year in Armijo there is an athlete who even outshines the best from surrounding schools. She is Susan Takeuchi.

In the fall she was invited to tryout to represent Northern California in the Junior National Water Polo Team games. After successfully qualifying she went to Colorado to compete with Junior Teams from all over the nation.

When she heard the news that she made the team it was a surprise to her, since she started playing water polo three years ago when she was a freshman. Now, she "would like to make the United States Water Polo Team and compete in Europe." However, her main goal is still to make the Olympic Swim Team.

Jose Rico joined the staff as the new ASB director.

Black Student Union

The Black Students Union is a club which is dedicated to serving the school. They put on dances, they do work projects and run concessions at the games. The club has grown since last year and Mr. Collier says it is one the ther hardest working clubs at school.

BSU raises between \$500 to \$1500 every year to buy something permanent for the school. In years past they have donated a trophy case and collapsable basketball hoops for the gym to name a few.

Filipino-American Club

The Filipino-American Club brings together the Filipino students and others who are interested in the social, cultural, intellectual, and historical background of the peoples of the Philippines.

They held their ever famous "lumpia sales" and were able to make even more than they needed to fulfill their goals this past year.

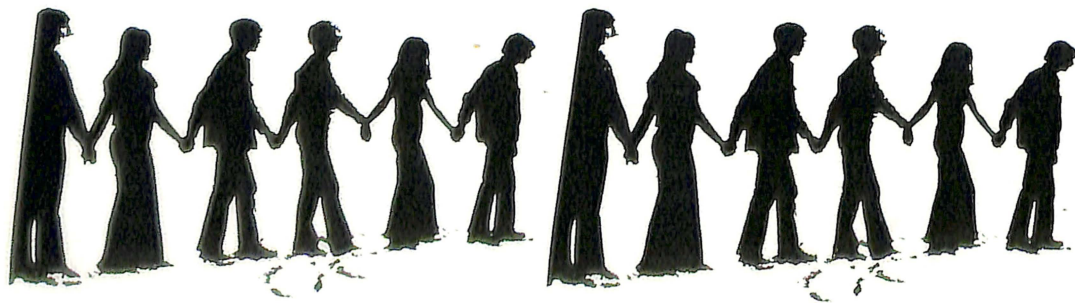

Thanks to Ms. Fout, advisor, for the motivation and ideas she contributed to the club. This year has honestly made a significant difference for the Filipino-American Teen Club of Armijo High School.

Let's get mental!

1. It takes brains for school work.
2. Students think for their final exams.
3. Acting is to memorize. Think about it.

Business

Business is booming!

Future Business Leaders of America and Distributive Education Club of America (FBLA and DECA) were two of the most active clubs on campus. Attracting students from the strong business departments these clubs gave business students a chance to sample the real world of business through work experience, running the student store, attending conventions, and various fund raisers such as the Beach Sweatshirt project put on by DECA. Advisers were Mr. Krueger (FBLA) and Mr. Gutowski (DECA).

The purpose of MAYO is to promote cultural awareness and unity among the Latin and Hispanic students. It gives Hispanic students the opportunity to feel a part of Armijo. The membership of the club has drastically increased with not only Mexican-American and Latin nationalities joining the club, but other nationalities as well.

They had various activities from overnight trips to Santa Cruz to a picnic in the summer. Their fund raising included food sales and car washes. This year's advisor was Miss Celia Hernandez, their President was Esperanza Sanchez, and their Vice-President was Patricia Moody.

Asian American Club

This has been the third year of the Asian-American Club; formed by the club advisor, Ms. Lum. It has served primarily as a social club, a chance for people of different nationalities to get to know one another and learn more about their backgrounds. The club has consisted of members of many

countries, including China, Japan, Philippines, and Vietnam. The club this year has held fundraisers such as, eggroll sales and candy sales. The funds raised were used for a trip to the Monterey Bay Aquarium, and scholarships for members who are seniors.

Math Network

Armijo displays its determination to ride the wave of progress with its MATH NETWORK. Very few schools have a tutoring system for the students and by the students.

Volunteers give up their free time at lunch and before or after school to help their peers to better their understanding of mathematics. Ms. Lum, the head of the pro-

gram, proudly stated that this dispels the myth that youth will only do something for pay.

Those who volunteer build their characters and gain a feeling of satisfaction by helping others. Some may say that the tutors don't get anything out of it, but the feeling of accomplishment is often more than enough.

FFA is a non-profit agriculture youth organization. Mrs. Perrone is the advisor to the FFA. In order to become a member a student must be enrolled in an agriculture class and pay \$6.50 for annual dues. Meetings are held on the third Tuesday of each month.

The purpose of FFA is to develop competent, aggressive agriculture leadership, to create and nurture a love of country life, to strengthen the confidence of students in themselves and their work, to create more interest in the intelligent choice of agricultural career, to develop character and cooperative effort, to train for useful citizenship, to practice thrift, and to encourage improvement in scholarship.

Cross Country

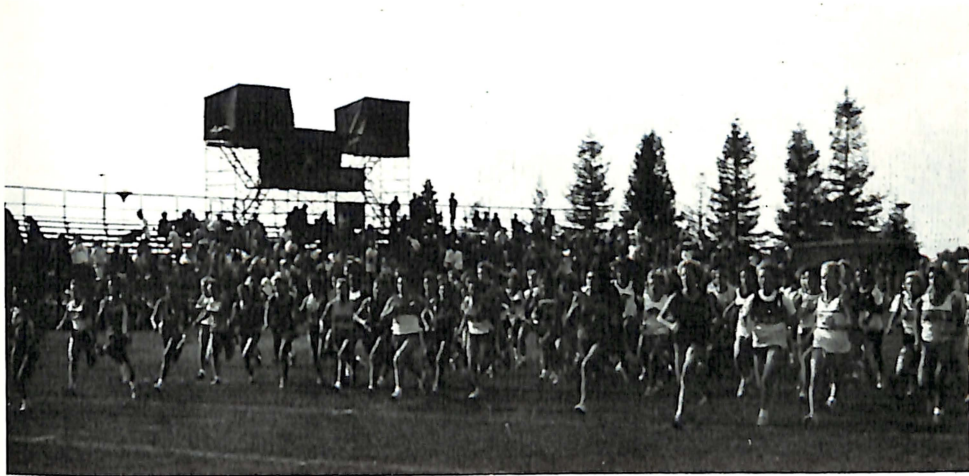

One of the more demanding sports, but also one of the most enjoyable is cross country. Like track boys and girls compete at the same meet. There is a lot of encouragement between the teams. The JV race two miles while the girls and varsity race three miles.

The JV team was the most successful with a third place finish and a 5-3 record.

Runners who qualified for the Sac-Joaquin Section meet were: Terri Redford, Karin and Kris Holzapple, Anita Matties, and Julie Perry in the Girl's Frosh-Soph Division; Larry Liechty in the Frosh, Joel Burroughs in the Soph; and Anja Lepinat in the varsity Girl's Division.

Coach Farmer is looking for interested runners for next year.

Soccer on the run.

Despite numerous losses the varsity soccer team put forth its best effort throughout the season. The players believe they have had a run of bad luck this season. Their talent and skill is much better than their record indicates.

Although they are losing several talented and experienced seniors, the team believes next year's season will be much better.

Some of the more outstanding players were: Greg Soria, Alberto Vasquez, Scott Cote, Guy Delorefice, Chris Wink, and Chuong Wynn.

1. Carlos Pacheco beats out an attacker.
2. Action is swift on the soccer field and Hogan is a tough foe.
3. Chuong Wynn Cole defends the goal

Varsity captures fourth in the M.E.L.

Indians defeat Fairfield and Vacaville.

The volleyball players competed for M.E.L. honors. The varsity with five wins and seven losses, came in fourth place in the Monticello Empire League. The junior varsity, with eight wins and four losses, tied for third place.

Varsity's best games were against Vacaville, Vallejo,

Napa, and Fairfield. Its toughest opponent was Napa, the first place champs.

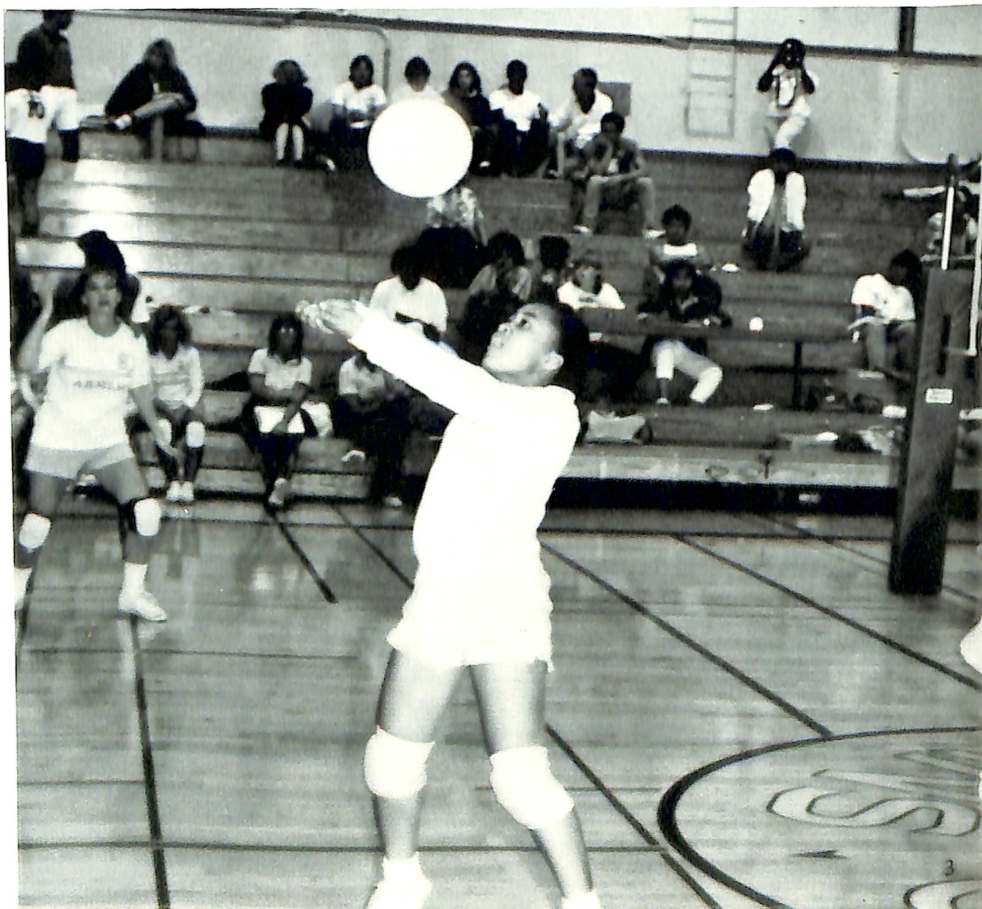

J.V.'s best outings were against Vintage, Napa, and Fairfield. Coach Linville's J.V.'s came in third. This was an improvement from last year's record of five wins and seven losses. The J.V.'s came in second in the All City

Tournament and tied for fifth in the Carmichael Invitational.

Danielle Dillard was selected as the Most Valuable Player for the All League Volleyball team. Tulip Spencer earned an honorable mention.

Girls' Tennis

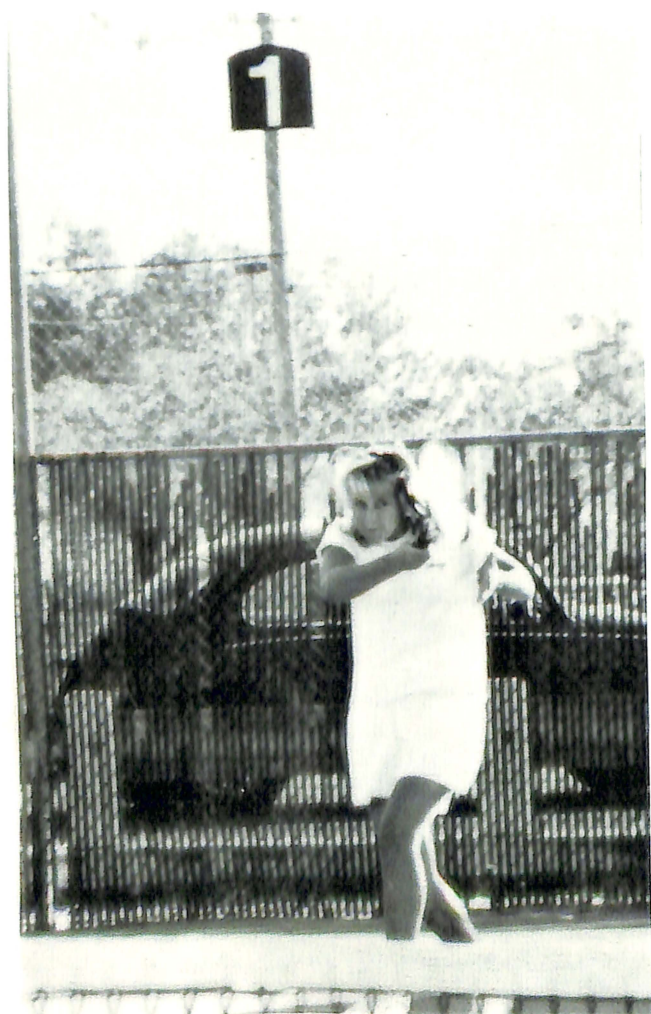

Girls' Tennis '86-'87

by Susan Hurst

This year's girls' tennis team had proved, match after match, that they were good. Of the 33 girls that tried out, only the 23 very best made it. Those included returners like Michelle Wurth, Adelle Tobias, Katie Pearman, Julie Nguyen, Sharon Dienstag, and Jennifer Dye.

Coach Fuller said that he looked forward to winning league, and going on to do well in sections. He added that their most competitive team from past experience was Vintage, but their greatest strength laid in their singles players they expected to overcome all opponents.

Their strategies and their hard work paid off, the girls' tennis team was proud to say that they will continue to do well, as the years come.

wrestling

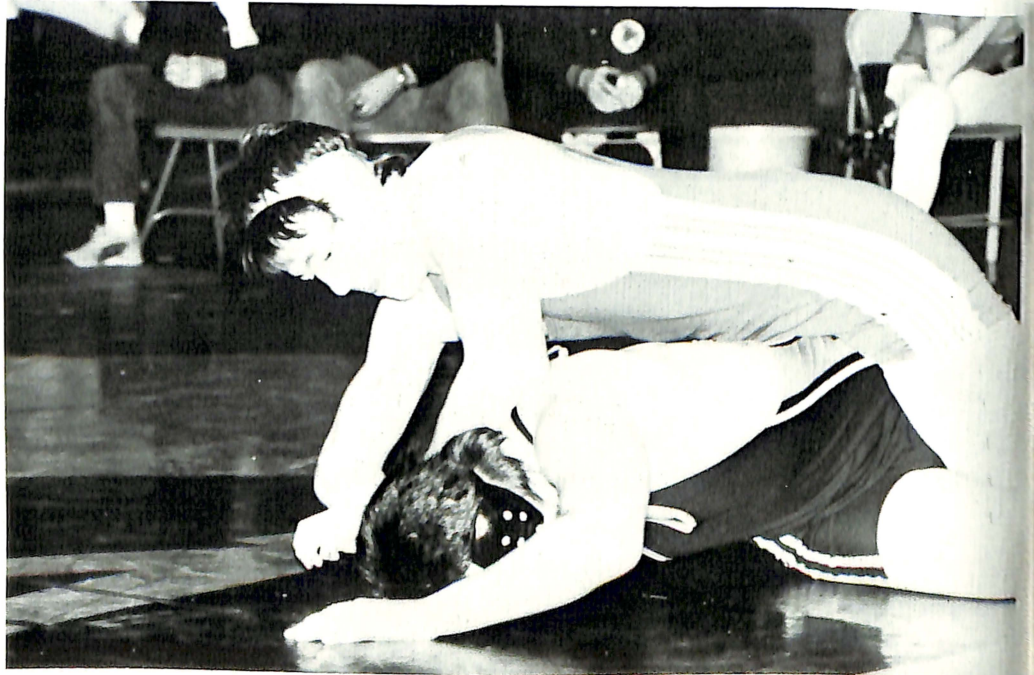

Because of bad publicity, few people take wrestling seriously. One of the main sources of adverse publicity is TV. With the flick of a dial one can watch coarse actors like Hulk Hogan grappling with each other in overly exaggerated moves. This type of program may have its own group of fans, but to the average person this form of "wrestling" is repulsive. The printed media, like newspaper and yearbook, has a difficult time capturing the true spirit of wrestling. Let's be honest, wrestling is difficult

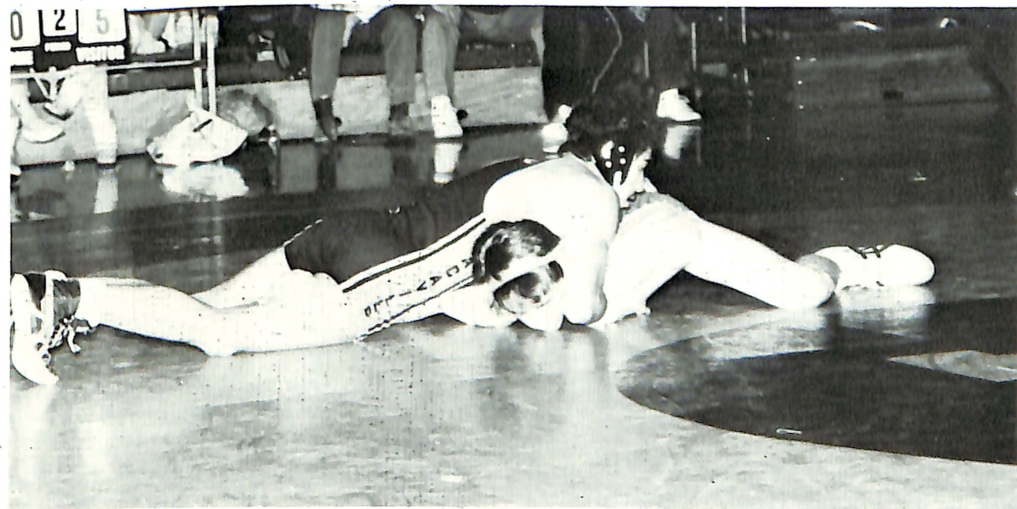

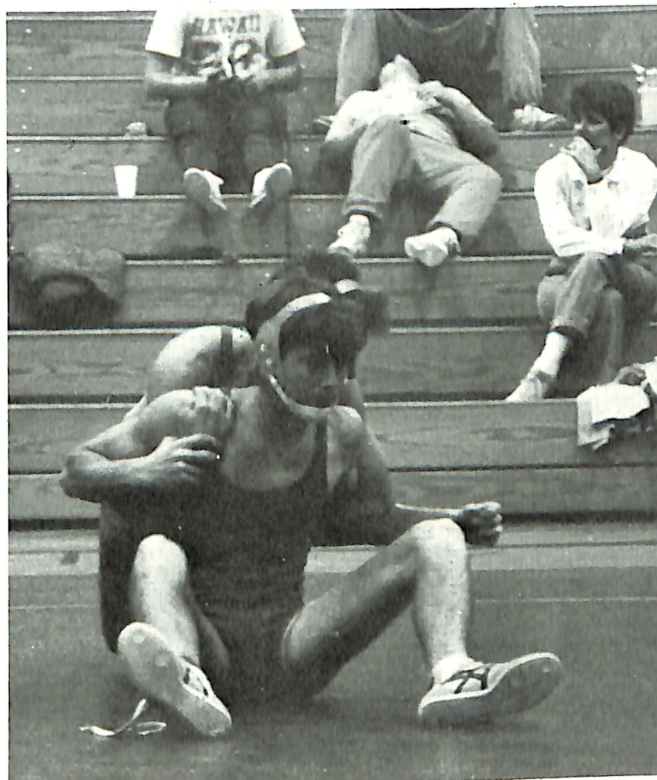

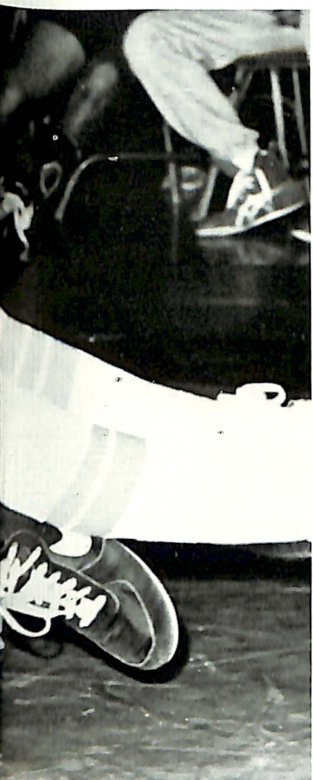

to photograph successfully.

Unlike popular belief, wrestling is a serious sport. The team goes through a rigorous exercise and training program for matches against other schools. It's been called the best sport around because of its emphasis on individual importance and participation. Many players enjoy the feeling of personal satisfaction they get when they've won a match. Despite the lack of public support, the wrestlers still strive to succeed and make the school proud.

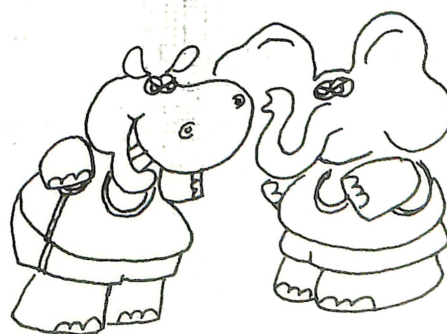

"In wrestling the little guy is just as important as the big guy."
-Coach Cortese

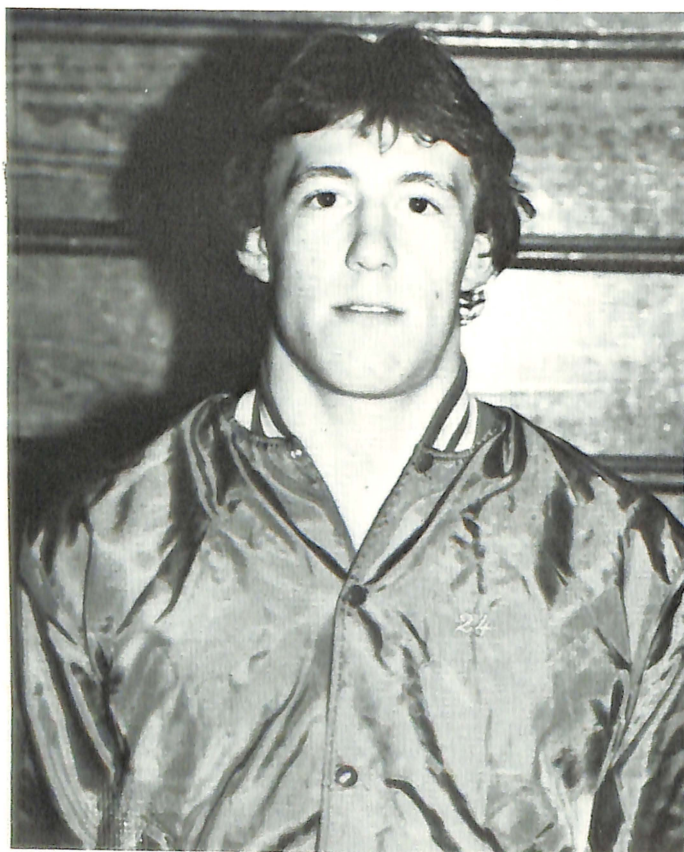

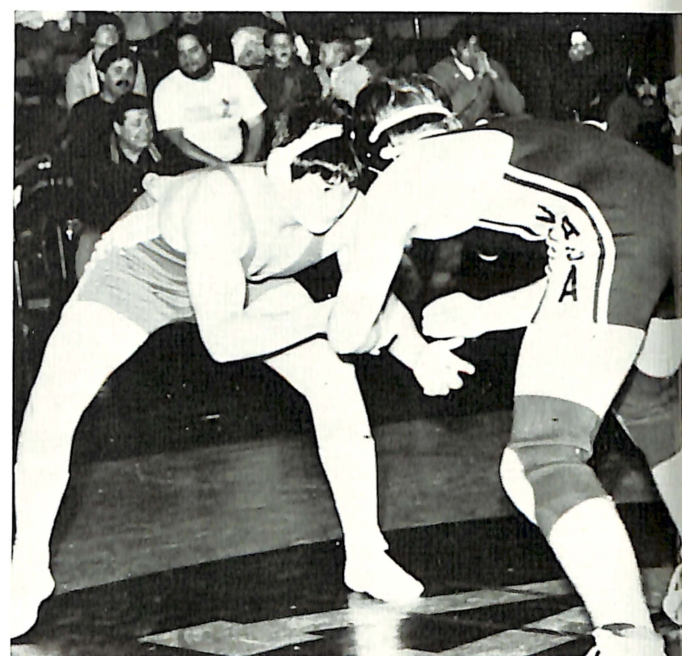

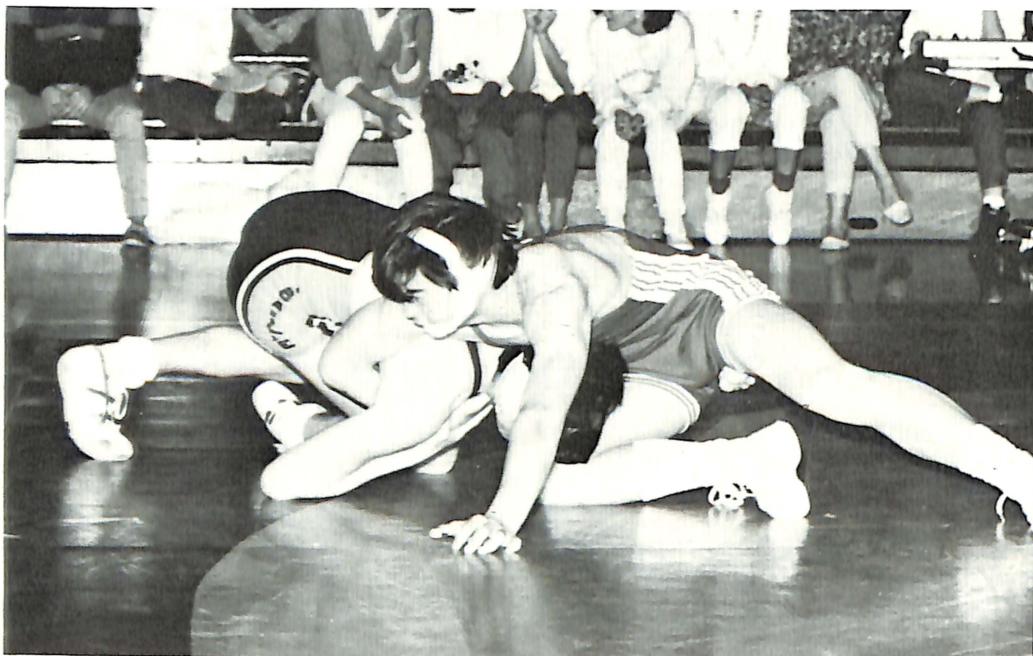

"I'd like to see a picture of me winning just once."

-Bill Cawley

LOOK AT US

January is graduation time.

This year at Armijo High School there were a few elite students who elected to graduate early in January. There were many different reasons under which an early graduation would be beneficial. First, there were the students who would rather not be in school. Then there were the students who were interested in advancing on to college to start long work hours on a certain field that he/she would like to excell in.

Some students worked harder than others to accomplish this task. For example, some pupils have taken work experience, while others have taken summer school classes, and still others that have taken 0 & 8th periods for four years. But all in all they have all accomplished the same basic goal to graduate early.

When we asked the early graduates if they will be returning in June for the graduation ceremonies the response from them was an overwhelming yes. The early graduating seniors also suggested that if anyone was interested in graduating early that it is not hard to do as long as you stay in school and try your best.

F.F.A. members visit nation's capitol.

On November 8th Mrs. Perrone, F.F.A. adviser, and Barbara Huddleston, F.F.A. member, flew to Washington, D.C. as part of their trip to the national Future Farmers of America conference in Kansas City. They toured many of our capital's monuments with other California F.F.A. members. California F.F.A. was the only state to tour Washington before heading for Kansas City, annual headquarters for the national F.F.A. conference.

Once in Kansas City Mrs. Perrone and Barbara attended sessions where thousands of members and their guests dealt with official business and issues concerning the Future Farmers of America. It was not all work however. They took time out to attend a rodeo.

Barbara worked hard to finance her trip to the conference. She also received contributions from a number of sponsors. Her parents gave her moral and financial support as well.

New tables spruced up the campus.

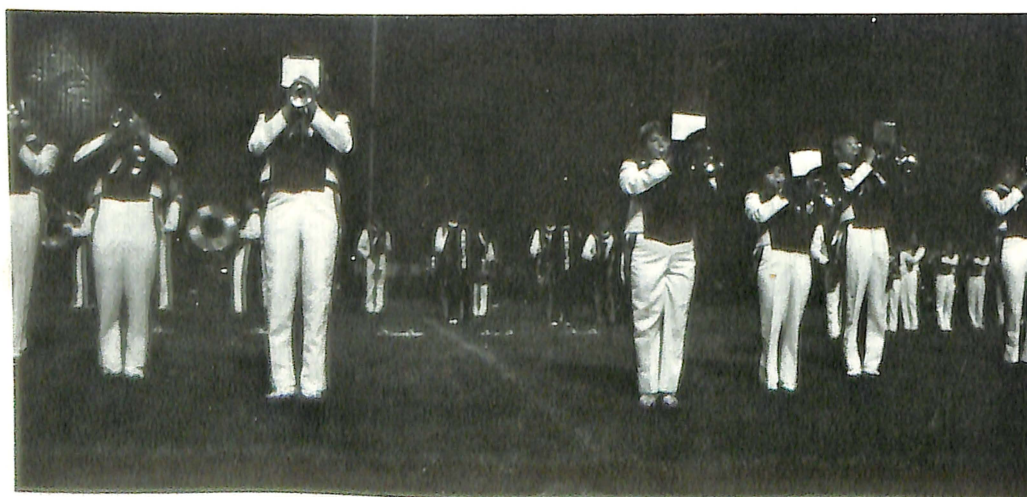

Kim Gann was one of over 200 students to give blood during the fall blood drive.

Sports banquets rewarded hardworking athletes.

The football banquet was well attended by deserving athletes and their proud parents. The players were honored for their efforts in a better than average season. Only a heartbreaking loss to Vacaville prevented the Indians from entering the playoffs.

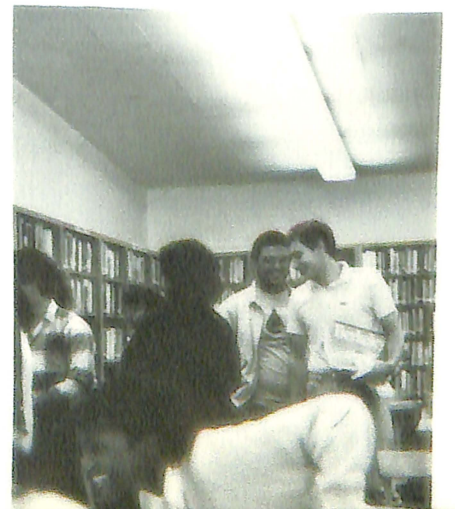

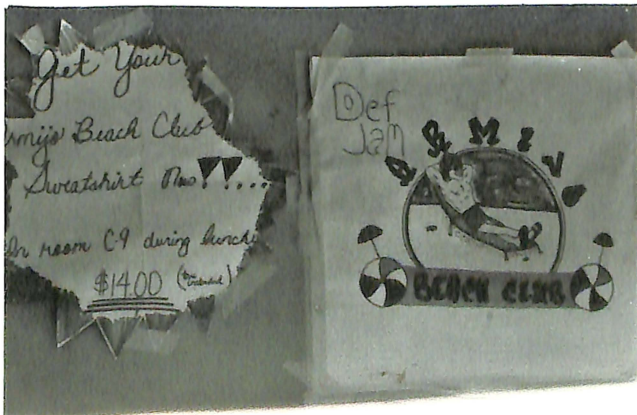

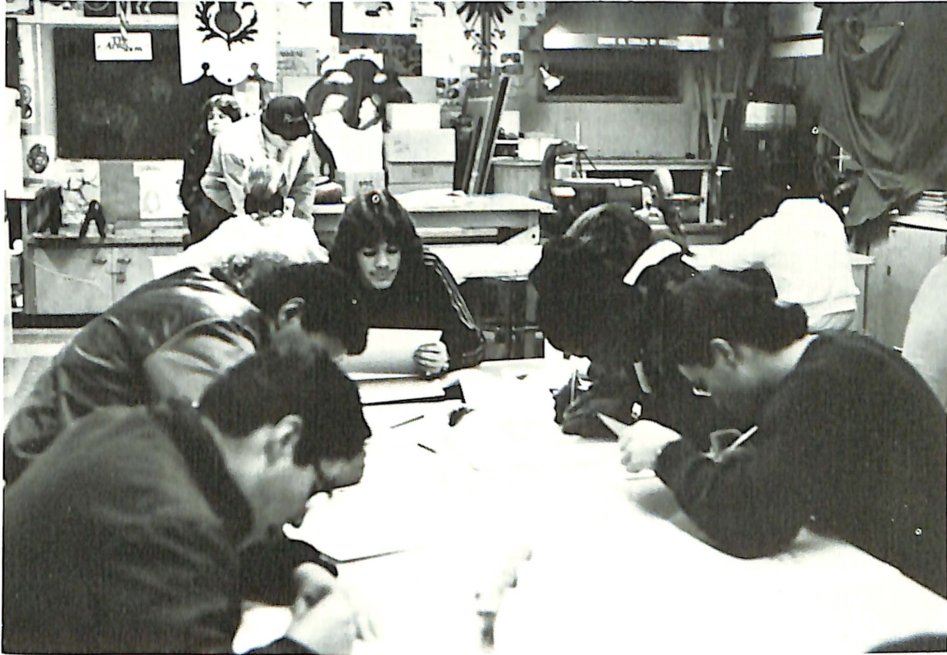

Field shows, provided by the Superband, highlighted football halftime.

Editor's Message

Yearbook is much more than 256 pages between 2 covers. It is an endless collage of broken typewriters, photographers who are constantly running out of film, lunch meetings, white-out, uncorrected copy, interviews, Christmas parties, layouts that have to be redrawn, type sheets that have to be retyped, subscription pads, weekend deadlines, pepperoni pizzas, new staff members who don't understand anything, long distance phone calls to Logan, Utah, carbon paper, fights over the index, lost rulers, broken dates, trips to Vacaville, disgruntled custodians, absent minded editors, friendships that will last forever, patient advisors, and unidentified group pictures.

I truly hope you, as students, enjoy reading this yearbook as much as we have enjoyed putting it together. Even though some deadlines stretched as long into the night as 3:00a.m., it was really worth it to see the results.

Without the help of many people, this yearbook could not be possible. I want to thank Miss. Ash for all the long, hard, and tiring hours she put into helping us. I also want to thank all my teachers who were willing, most of the time, to let me out of class when I was in desperate need of time during a deadline. I would like to thank Mrs. Franey for all the time she spent in selling yearbooks and keeping our money straight. I would also like to thank Mary and Ralph for all their long hours of developing our pictures, and last but not least Jim Gillespie, our representative, for filling our minds with such great ideas.

Good luck to next years staff. I hope you have a great year.
